

97TH GENERAL ASSEMBLY

State of Illinois

2011 and 2012

SB3909

Introduced 3/6/2012, by Sen. Martin A. Sandoval

SYNOPSIS AS INTRODUCED:

605 ILCS 5/5-301

from Ch. 121, par. 5-301

Amends the Illinois Highway Code. Provides that before the Superintendent of Highways of a county with a population of 2 million or more inhabitants may update the long-range highway transportation plan for that county, as annually required, all of the following requirements must be met: (i) at least 90 days before the plan is required to be updated, the President of the Board of Commissioners of the county must submit the proposed updated plan to the Chairpersons of the Transportation Committees in the Senate and the House of Representatives, (ii) at least 90 days before the plan is required to be updated, the President of the Board of Commissioners of the county must prepare and deliver a presentation on the proposed updated plan for the Transportation Committees in each chamber and address any questions that members of those committees might have about the proposed updated plan, and (iii) at least 60 days before the plan is required to be updated, the proposed updated plan must be approved in whole or rejected in whole by joint resolution of the General Assembly. Provides that if these requirements are not met, then no State moneys may be spent or appropriated on highway improvement projects identified in the proposed updated plan. Effective immediately.

LRB097 20707 JDS 67002 b

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning transportation.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Highway Code is amended by changing
5 Section 5-301 as follows:

6 (605 ILCS 5/5-301) (from Ch. 121, par. 5-301)

7 Sec. 5-301. Highway transportation plan.

8 (a) In order to properly plan the utilization of motor fuel
9 tax funds each County Engineer or Superintendent of Highways,
10 except for those in a county with a population of 185,000 or
11 less, shall be required to develop and update a 20 year
12 long-range highway transportation plan. The plan shall contain
13 an estimate of revenues which will become available during that
14 period and a statement of intention with respect to the
15 construction, maintenance, and other related work to be done
16 insofar as it is possible to make such estimates. In addition,
17 the long-range plan shall show the location of existing county
18 highways and the general corridors of future highways, the
19 projected future traffic usage on each highway for a 20 year
20 period, a tabulation showing the design standards and the
21 geometric features associated with different levels of traffic
22 usage, and a listing of the major improvements anticipated
23 within 5 years of the date of each plan. A copy of the plan

1 shall be filed with the Secretary of the Department of
2 Transportation. A copy of the plan as it relates to each city
3 over 5,000 population in the county shall be filed with the
4 clerk of each municipality. The initial plan shall be on file
5 with designated agencies by July 1, 1971, and shall be updated
6 on an annual basis thereafter.

7 (b) Before the Superintendent of Highways of a county with
8 a population of 2 million or more inhabitants may update the
9 long-range highway transportation plan for that county, as
10 annually required under subsection (a) of this Section, all of
11 the following requirements must be met:

12 (1) At least 90 days before the plan is required to be
13 updated under subsection (a) of this Section, the President
14 of the Board of Commissioners of the county must submit the
15 proposed updated plan to the Chairpersons of the
16 Transportation Committees in the Senate and the House of
17 Representatives.

18 (2) At least 90 days before the plan is required to be
19 updated under subsection (a) of this Section, the President
20 of the Board of Commissioners of the county must prepare
21 and deliver a presentation on the proposed updated plan for
22 the Transportation Committees in each chamber and address
23 any questions that members of the committees might have
24 about the proposed updated plan.

25 (3) At least 60 days before the plan is required to be
26 updated under subsection (a) of this Section, the proposed

1 updated plan must be approved in whole or rejected in whole
2 by joint resolution of the General Assembly.

3 (c) If the requirements of subsection (b) are not
4 satisfied, then no State moneys may be spent or appropriated on
5 highway improvement projects identified in the proposed
6 updated plan.
